ANOTHER CRUSHING DEFEAT SUFFERED BY ITALIAN ARMIES IMPORTANT POSITIONS ON THE TAGLIAMENTO RIVER ARE LOST

FLIGHT OVER SKYSCRAPERS

FLIGHT OVER SKYSCRAPERS

Lieutenant Emilio Resnati of the Italian Army is here to demonstrate the wonderful Caproni airplane. He thrilled New Yorkers when he circled and dodged the huge skyscrapers in his flight over the city advertising the Liberty Loan.

OUR GOVERNMENT'S REQUEST

Several newspapers, members of the Associated Press, have asked the War Department for permission to publish the news when any of the home boys arrive in France.

The Department has requested, under the voluntary censorship act, that all troop movements be kept secret.

The Herald will cheerfully comply with that request, believing that the officials who make that request have a good and sufficient reason therefor.

We can all do a "bit" by complying with the requests of those in authority charged with grave responsibilities and those to whom we look for results in these hours of the nation's crisis.

LOAN TOTALS ARE NOT YET AVAILABLE

An Over Subscription of Two Billion Dollars Is Expected by Officials.

By Associated Press Dispatch.

Washington, November 1.—Indications are that the total subscriptions to the second Liberty Loan will not be available this week.

This is the last day on which banks may report subscriptions to Federal Reserve Banks but officials do not expect a final report from the Reserve Banks for several days.

In several districts it is understood that actual subscriptions have failed to reach the total estimated subscriptions upon which the Treasury De-

partment based its prediction recently to the effect that the five billion would be exceeded.

There is every indication that the total will approximate five billion dollars, an oversubscription of two billion dollars of the minimum asked for.

SNOW COVERS MANY ACRES OF GARDENS

Buffalo Reports Two to Four Inches of "the Beautiful."

By Associated Press Dispatch.

Buffalo, N. Y., November 1.—From two to four inches of snow fell in western New York during the night, covering thousands of acres of potatoes and beans.

Farm bureaus had reported less than 50 per cent of these crops out of the ground and only a quick moderation in the weather it was said today would save the unharvested crops.

Berlin Reports Additional Captures Bringing Total Up To 180,000.

Great River Barrier Not Yet Crossed by Germans.

French Offensive in The Aisne Region Successful

By Associated Press Dispatch.

General Cadorna's forces retreating to the line of the Tagliamento river have suffered another crushing defeat.

Berlin today reports the capture of two bridge head positions from Italian troops which made a stand east of the Tagliamento and the cutting off of an Italian force which was retreating toward the lower course of the river. In the latter operation 6,000 Italians were captured, bringing the total of prisoners taken by the invaders of northern Italy to 180,000, and the number of guns to the number of 1500.

The Germans do not claim to have forced a crossing of the Tagliamento but it is evident they are on its eastern bank in strong force and probably ready for an assault upon the line itself.

The French in the offensive north of the Aisne in the direction of Laon last week captured 12,157 prisoners, including 237 officers. The guns taken number 180.

There has been little infantry fighting in this region and the German Crown Prince has been unable to counter attack. The artillery duel continues violent.

SEVEN GROUPS OF AIRPLANES RAID ENGLAND

Three Penetrate to Heart of London, Eight Killed But Damage Slight.

Last Group Failed to Reach the Outer Defenses.

(Associated Press Cable)

London, November 1.—Eight persons were killed and 21 injured in the German air raid last night, according to an official statement today.

(Associated Press Cable)

London, November 1.—About 30 airplanes in seven groups took part in last night's air raid. Three penetrated to the heart of London, says the official report. The casualties and damages were slight.

The first group dropped bombs near the coast. Two more groups were broken up by a barrage on the southeastern outskirts of London. The fourth group was turned back half way up the Thames. Of the fifth group one or more penetrated London. Some of the sixth group reached the city. The seventh was dispersed before reaching the outer defenses.

CAPT. WM. J. CONDON

CAPT. WM. J. CONDON

Capt. Wm. J. Condon, of the U. S. Reserve Medical Corps, is being tried at New Brunswick, N. J., for the murder of John V. Piper, whose body was found in some shrubbery fifteen miles from New Brunswick four months after he had mysteriously disappeared last Winter. Piper did odd jobs around the Condon home, and left his home on the night he disappeared to collect some money Dr. Condon owed him for work done.

Dr. Condon was arrested at the Medical Officers' Corps camp at Fort Oglethorpe, Ga., a few days after the finding of the body. He appeared in court in uniform and pleaded not guilty to the charge.

OIL FIELD STRIKE IS GROWING

More Than 10,000 Workmen Quit Work in Fields of Southwest.

Strike Is Spreading into the Markham District.

By Associated Press Dispatch.

Houston, Texas, November 1.—According to strike leaders here fully 10,000 workmen in 16 oil producing fields of Texas and Louisiana went out at midnight Wednesday and 7 o'clock this morning.

General strike headquarters said official notice had been received that every union went out "a hundred per cent strong."

From general headquarters of the oil operators representing ten of the largest producing companies in the strike district, the situation was officially reported as encouraging.

The strike has spread to the Markham fields.

GREAT BRITAIN GIVEN MORE REAL MONEY

Total Now Advanced to Allies by U. S. Exceeds Five and Half Billion.

By Associated Press Dispatch.

Washington, November 1.—A credit of \$435,000,000 was made to Great Britain today by the Treasury Department to cover British expenditures in this country up to January 1, 1918.

This brings the total of loans to Great Britain to \$1,860,000,000, and total loans to the Allies to \$5,566,400,000.

The credit today is the largest ever made to an Allied government.

The money will be withdrawn from the treasury only as it is needed to pay for war contracts.

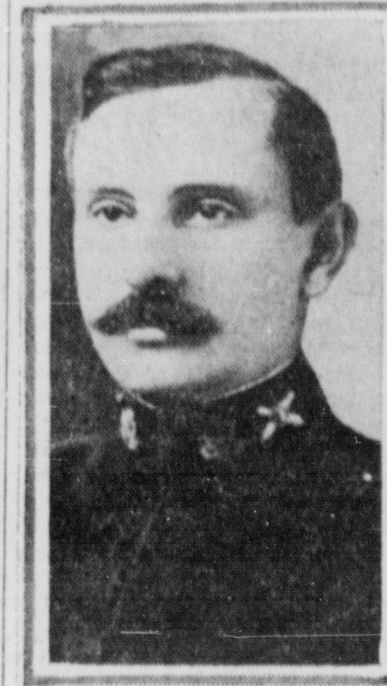

MEANS INDICTED ON MURDER CHARGE

By Associated Press Dispatch.

Concord, N. C., November 1.—Gaston B. Means was indicted today by the grand jury for the murder of Mrs. Maude King last August.

Means was formerly arraigned in Court and a special venire summoned from which to select a jury, but the State asked the Court for a change

MAN WHO WALLOPED PRESIDENT IN EYE

Colonel Daniel T. Moore, now commander of the Three Hundred and Tenth Field Artillery, who as a "husky young captain of artillery" walloped Colonel Roosevelt when the latter was President, causing him to lose the sight of his left eye.

The Captain was at that time aide to President Roosevelt and frequently engaged his chief in boxing bouts. An unusually sharp counter landed, injuring blood vessels in the eye. Captain Moore never knew that he had blinded the former President until the Colonel disclosed that fact last week while at a health training camp in Connecticut.

The man who blinded Roosevelt is over six feet tall and built proportionately. When he doubles up his fist it looks like a ham.

of venue and the Court adjourned until 2:30.

The indictment charging Means with the murder of Mrs. King came after the grand jury had examined witnesses for three days.

Mrs. King was killed about 8:00 p. m., August 29th, at a lonely spot 10 miles from Concord, where she had gone with Gaston Means and Aston Means, a brother, and Captain Bingham, apparently for target practice.

According to Means' story he was leaning over a spring to get a drink when he heard a shot and turning saw Mrs. King fall over some distance away. Means when arraigned pleaded not guilty.

THE REICHSTAG HAS REJECTED VON HERTLING

(By Associated Press Cable)

London, November 1.—Count Geo. von Hertling has been rejected as Imperial Chancellor by the Reichstag majority leaders, according to special dispatches from Amsterdam.

The messages, however, apparently were written before the wireless statement yesterday announcing Von Hertling had been offered the place and was consulting with Reichstag leaders.

An Amsterdam dispatch says he had conferences with the majority leaders and that they opposed his appointment because he was against the Reichstag resolution for peace without annexation, and the democratic parliamentary system.

COMMONS TO HEAR OF NAVY FROM GEDDES

British Anxiously Wait for Maiden Speech of the First Lord of Admiralty.

Will Answer Criticisms of the Admiralty.

(By Associated Press Cable)

London, November 1.—Between 40 and 50 per cent of the German submarines operating in the North Sea and the Atlantic Ocean since the beginning of the war have been sunk, says Sir Eric Geddes, First Lord of the Admiralty in the House of Commons today.

(By Associated Press Cable)

London, November 1.—Unusual interest within and without Parliament attaches to the statement in regard to the navy which is to be made in the House of Commons this afternoon by Sir Eric Geddes, First Lord of the Admiralty.

It will be his first statement in regard to his department and also his first address in Parliament, and never has a maiden speech been awaited with greater anticipation.

Naval affairs have been to the fore in the last few weeks. There has been much outspoken criticism of the conduct of the Admiralty especially since the German attack on a convoy in the North Sea. A section of the press supported by certain retired naval officers of high standing is conducting a campaign with the objective of ousting Admiral Sir John Jellicoe, as First Sea Lord. The Admiral has been the subject of attacks for his alleged lack of strategic ability and insufficiently forward policy.

The Admiral's defenders in other sections of the press as among his colleagues in the Parliament have been equally emphatic in his support.

BEERSHEBA CAPTURED

London, November 1.—(Associated Press Cable)—The city of Beersheba in Palestine has been captured by the British. It is announced officially.

COURT MARTIAL ON FOR ACCUSED MEN

By Associated Press Dispatch.

San Antonio, Texas, November 1.—The court martial trial of the 64 men of the 24th Infantry, charged with mutiny and murder in the riot at Houston August 23, began at Fort Sam Houston this morning.

Colonel J. A. Hull, Judge Advocate, is conducting the prosecution. The defendants are represented by Major Harry S. Grier.

The negroes are part of a total of 156 who were arrested soon after the riots and who have been in confinement since. Twenty-two persons were killed in the Houston riot.

HUNDREDS TAKE PART IN REVEL ON HALLOWE'EN

Frolic Enjoyed by Men, Women and Children Who Appear in Clever Costume—Festivities at "Y" Followed by Usual Parties Throughout City.

As usual Halloween drew hundreds of revelers to the streets, Wednesday night, and the frolic continued to two or three hours, or from shortly after seven o'clock until near ten, during which time grotesque figures of all kinds paraded the up-town streets as well as the residential district.

The fun in the early part of the evening centered about the Y. M. C. A.

and the parade, which was not as large as in the past few years, moved promptly at 7:30, with the result that a host of persons who intended taking part in the demonstration were just a little too late, and contented themselves with parading the streets regardless of the fact that they had missed the main demonstration.

When the paraders returned to the Y. M. C. A. they found the association buildings as dark as a tomb, and were admitted at the entrance to the Stinson building, and allowed to make their way in the pitch darkness through the winding passages of the basement and into the gymnasium, where all were supplied with apples and doughnuts and took part in the liveliest kind of a peanut scramble which caused great amusement for the spectators and was enjoyed by the participants.

During the trip through the dark basement rooms and passageways, ghosts appeared and issued warnings against imaginary obstacles in the unobstructed passageways, with the result that everyone kept stepping high and dodging, although there was not a thing placed in their path.

After a brief period of fun at the "Y" the 400 masked figures scattered to all parts of the city, where plans had been made for parties and festivities generally.

Included in the revelers were men and women and boys and girls from all parts of the city and surrounding county, many persons coming into the city to witness the fun and take part in it. Many very clever costumes were in evidence.

As usual considerable mischief was done by thoughtless youths, and quite a little damage done. No less than four wagons were scattered about the central school grounds, placed on the fire escape High School steps, and other unheard of locations. The steps of the high school were badly marred in this way.

Gates vanished never to return, fences were torn away, windows smashed, and other mischief done until a late hour some of it harmless and some of it very rough, resulting in property damage in several instances.

DEMAND FOR HOME GUARDS GROWING

The sentiment and the demand for a home guard organization in this city is growing, this city being one of the few cities of its size which has not already organized a Home Guard to take the place of the military company formerly stationed in this city.

The project is being discussed in the city and all that is lacking is a leader who will take charge and make the organization effective.

They work while you rest—Herald want ads.

WOOD IS OFFERED BUT MUST BE CUT

Manager Smith of the Fayette-Clinton Employment Bureau, which is keeping a record of those who have wood which may be used for fuel, and those who are desirous of obtaining wood, reports that quite a number of persons have notified the Bureau that they have large quantities of wood which may be worked up in the desired lengths for burning, and have made liberal offers in this connection.

Those who want wood invariably are after the wood that is ready for burning, but a few persons will cut the wood on the shares, or cut it and buy it outright.

Manager Smith is calling for wood cutters in order to meet the situation. Meanwhile the prospects of using wood for fuel is attracting the serious attention of a great many citizens.

In Fayette County the Fuel Commission, appointed this week, has not received one line of instruction, but will take some definite action immediately upon receipt of instructions.

COLONIAL THEATER IS MUCH IMPROVED BY REMODELING

A big surprise awaits patrons of the Colonial Theater in the handsome remodeling and re-decorating which has just been completed by J. S. Williams, architect and contractor.

The Colonial has been transformed as if by magic wand from an inviting picture show house into a beautiful theater, aglitter with color and light and having all the effect and conveniences of the up to date play house.

Three things immediately attract the eye upon entering, the greatly increased spaciousness, the soft glow of the new lighting system and, at the far end of the room, the new theater stage with gorgeous curtain of brown velvet, in the center of which stands a big gold English "C".

Perhaps more than all else it is the new stage, with its footlights and overdraping curtain, an orchestral pit all panel work, below, that plays the biggest part in the transformation. A gold fiber screen has been installed, the finest make and best quality, the picture standing out on the screen as smooth as velvet. Even on the front seat there is nothing to disturb the eye so perfect is its smoothness.

The rear wall of the theater was torn out to make additional room and the total length is now 100 feet, with seating capacity of 275. Every seat is on an elevation, the back seat 4 ft. 10 inches higher than the front, giving clear view from every seat in the house. The aisles and runs are carpeted with rubber and noiseless.

A decorative scheme in old ivory, tans and browns, has been harmoniously carried out, the side walls paneled and the effect most attractive. An immense arch makes a striking frame for the screen and adds greatly to the handsome appearance of the interior.

The lighting system is responsible for striking and beautiful effects. When the curtain rises the lights dim as if with oncoming darkness and as it falls a soft glow emerges into bright light once more.

Proprietor Jamison is especially proud of his fine new heating and ventilating system. The house is thoroughly heated by a novel gas furnace system, the heat being driven through the radiators by electricity, the house comfortably heated and at the same time splendidly ventilated by means of a big suction fan. This works through a concealed lattice work, the air going out into a solid sheet iron shaft 25 feet high. The air is completely changed every fifteen minutes.

Another noteworthy improvement is two double door exits, either side of the stage—the big doors having panic bolts. The house can be emptied in one minute. The exit lead into a big open court, bricked and brightly lighted, so that there is no obstacle to interfere with the "get away."

The entrance is now fully heated by special plan to keep the cold air from the feet.

The enterprising proprietor is receiving many congratulations upon his handsome improvements.

A perfect averaging of each individual part has made The STARR Phonograph The Most Perfect Instrument

Years of study have been applied not upon the theory of reproducing tone, but upon giving that reproduced tone the evenness, depth and naturalness of the original production. The failure of the phonograph as a musical instrument has centered in the unobservance of true principles of tone-building. These principles are always the same, the same in the violin, piano or phonograph.

THE STARR PHONOGRAPH is made by experts who have been building pianos, acknowledged to be the best in the world for half a century. Who does not know the celebrated Starr Piano? The knowledge, the experience, the resources of the Starr Piano Company are producing the Starr Phonograph.

Its only tone is the tone of the artist with all that inherent richness, purity and fidelity. There is no harshness, weakness or metallic tint to mar the re-creation—instead each shade of beauty, each variation of expression is brought out with integrity.

Have you heard the Starr? If not, we extend to you a cordial invitation to do so at your first opportunity. Your time will be well spent and a most agreeable surprise awaits you.

ONE CAR OF COAL IN CITY THURSDAY

Only one car of coal. It was announced, reached the city Thursday morning and this was apportioned in half-ton lots as usual in order to relieve, insofar as possible, the suffering due to lack of fuel.

Very few additional shipments are expected this week, it is announced. Meanwhile, slightly warmer weather is predicted.

The Washington Gas & Electric Company has received additional coal which will last until Saturday or Sunday, and still other coal is on the way, so that for the time being, there is no further danger of a shut-down, although constant vigilance on the part of the management is necessary to keep a supply of coal coming in.

MILLWOOD BIBLE CLASS

Millwood Bible Class will meet at the home of Mrs. Clifford Peddicord on Dayton Ave., Friday afternoon at 2:15 o'clock.

SECRETARY.

Social and Personal

Miss Elizabeth Sheen and Miss Mary Craig chaperoned a jolly party of young girls Wednesday evening for a progressive Halloween dinner and theater party to see "The Valentine Girl" at the Wonderland theater.

Sty elaborate courses were served. Twelve girls, cleverly masked, participated in the affair and at each home two girls were hostesses.

They were paired off Misses Mabel Hinkle and Helen Kearney; Portia Elanabeth Brownell; Virginia Hays and Mary Brown; Jane Durant and Jeanette Haver; Ruth Tanquary and Mary Durant; Florence Schadel and Winifred Hicks.

At each home the guests found cordial welcome and courses hot and delicious and the entire affair passed off gayly.

A delightful Halloween party was given Tuesday evening by Mrs. Clark Crawford.

In a merry guessing contest, Miss Ruth Baldwin won first prize and Mr. Ogan the consolation.

Halloween was artistically carried out in the house and in the delicious refreshments served.

Mr. and Mrs. Frank Collopy, Mr. and Mrs. Wardus Collopy delightfully entertained Wednesday night at their country home on the Circle-pike.

Until a late hour, the guests toasted marshmallows around a huge bon fire after which they were invited into the house, where an appetizing luncheon was served.

A brilliant success among the many Halloween festivities of Wednesday night was a masquerade at which the women of the Tuesday Washington Club entertained their husbands at the home of Mr. and Mrs. Frank S. Jackson.

The large garage on the grounds, pretentious and spooky in a wealth of Halloween decorations, presented a scene of revelry only possible on a witches' night. They costumes were amazingly clever and the fun of the evening reached its climax in guessing "Whos Who" Mrs. Arthur Bygott won the prize. After a variety of spirited Halloween games, an elaborate Halloween supper was served.

The W. T. H. Girls were indebted to their teacher, Miss Blanche Beach, for a delightful Halloween party.

Twenty-two girls entered into the spirit of Halloween tricks and for the telling merrily and every one had a royal good time.

The house was darkened while shots walked amid Halloween traps and a tempting Halloween luncheon was served.

The popular young teacher was assisted by her mother, Mrs. Lillie Beach.

Mrs. William Burnett, of Plymouth, entertained Wednesday with an elegant dinner in honor of her mother, Mrs. C. G. Dunton and her sixtieth birthday.

The table was very pretty in decorations of white chrysanthemums and greenery and at each cover were Halloween favors.

Seated with Mrs. Dunton were Mesdames Mary J. Mark, J. B. Mark, Alvin Slagle, C. O. Deere, C. W. Mark, Jamina Chenoweth, Chas. Bush, Albert Nisley, James Mark.

The guests spent a delightful afternoon visiting while they knitted and clipped for the Red Cross.

Mrs. Dunton received a number of gifts as well as felicitations.

One of the most elaborate and novel affairs of Halloween was a progressive dinner with a dozen girls of the Junior set charming and vivacious hostesses.

In the highest spirits the merry crowd of twenty-four girls and their escorts started out for the home of Miss Mary Hannah Bliss, where Welsh rarebit and wafers were served as the first course. Italiane Spaghetetti was the second course at the home of Miss Aileen Hess, followed by sandwiches and olives at Miss Rosalie Slagle; baked beans and brown bread at Miss Helen Bakers; hot chocolate and marguerites at Miss Jocelyn Bowers; chocolate jello and cakes at Miss Helen McKees; fruit salad and wafers at Miss Isabel O'Neill's, sandwiches, cheese and figs at Miss Mary Dahl's, the last course of pumpkin pie, cider and apples was served at the home of Miss Marie Tharp, where the party wound up the evening with all kinds of mystic Halloween rites and a record breaking good time.

At each home there were fantastic decorations of the season.

In the party with the girls who threw open their homes were Misses Mary Casey, Ruth Hagler and Eleanor Jones, Charles Fabb, Willis Willis, Walter Fultz, William Henry Edwards, Gale Roush, Walter Weaver, Sherman Brownell, Richard Haynes, Joseph Wilson, Arthur Lewis, Edward DeWees, Richard Willis.

Mrs. W. H. Lipsett gave a pretty Halloween party for her two children, James and Floris, and provided the happiest kind of a time for fourteen little guests Wednesday afternoon.

Duane Neal won the prize in a merry peanut hunt and the children entered merrily into all kinds of games. A Halloween lunch was served, Mrs. W. W. Barnes assisting Mrs. Lipsett. The guests were Dorothy Sparks, Ramona Short, Georgia Prue Chapman, Mildred Todhunter, Alice Elizabeth Ellis, Marjorie Sever, Duane Neal, Billie Ireland, Robert Snyder, Earl Link, Robert Hoffman, William Brown.

The Wednesday afternoon meeting of the Sugar Grove W. C. T. U. was opened by the President, Mrs. Clark Post, with the business of the day.

Miss Minnie Brakefield was the afternoon's hostess, assisted by Mrs. Harold Brakefield.

The business disposed of the remainder of the afternoon was turned over to the report of the State W. C. T. U. Convention held in Springfield. Mrs. Frank E. Haines, the delegate, made an exceptionally fine report arousing her hearers to a high pitch of interest. She presented to the President as a souvenir a gavel made out of wood taken from the church where 70 women met to plan the first Crusade and also a package of Flower Mission and Frances Willard cards. The women were enthusiastic over the report and gave a rising vote of thanks to Mrs. Haines.

The women of Ohio are thoroughly approving the action of the State Convention in voting to donate an ambulance to the U. S. Soldiers at a

cost of \$2250. This includes a chauffeur for the year.

Delicious refreshments were served during a congenial social hour.

Mr. and Mrs. W. W. Hamilton entertained Wednesday night with a family dinner of distinctive pleasure, attended by Mrs. Eva J. Penn, Mr. and Mrs. Austin F. Hopkins, Mrs. Ellen Jones, Mr. and Mrs. Scott Hopkins, Hon. and Mrs. J. M. Willis, guest, Mrs. Abbie Getty, of Myersdale, Pa., Mr. and Mrs. Ralph Penn and daughters, and Frank Hamilton. Mrs. Chas. Woodson catered, serving a menu of elaborate courses.

The North Main and North Hinde street group of the Grace M. E. Church were entertained at the hospitable home of Mrs. Mary E. Whelpley Wednesday evening, with a patriotic snipping party, in honor of the elderly women of that division.

The house was beautifully decorated with white and yellow chrysanthemums, fall flowers and gaily colored autumn leaves which combined with the Halloween decorations made a pretty picture, as the women snipped rags for the Nation Defense League. They chatted and sang old time songs and hymns, while they worked. In an amusing thread contest Mrs. Eph Worthington won the prize.

A delicious two course luncheon was served; and those who were unable to be present were not forgotten.

The children of the hostesses assisted in the evening's entertainment. Rev. A. P. Cherrington was a guest.

Wednesday evening Richard Sprenger entertained twenty-four of his school friends with a jolly Halloween party.

The children came in costume and spent a merry time guessing one another. After unmasking they ran the gauntlet of witch night mysteries in a darkened room filled with fodder from which peeped many tiny jack-o'-lanterns, and decorated with owls and black cats. In on corner was a witch's cauldron presided over by a "really" witch who later told the little folk wonderful fortunes.

The basement had been prepared for the apple-bobbing and other contests after which the children were served and appetizing Halloween supper.

Assisting Mrs. Sprenger in entertaining the children were her mother Mrs. Wm. Manning, Mrs. Will Sprenger, Mrs. Frank Reichert and Misses Maude Bush and Nelle Fogle.

The attractive young daughter of Mr. and Mrs. A. M. Brown, Miss Ruth was hostess at an extremely pretty and gay Halloween party.

The house was beautifully decorated and ghostish in its dim light. The fortune telling booth with Miss Ruth Davenport typical witch with broom was a special joy.

Miss Maxine Kibler won out in the black cat contest, the prize a live black Angora cat, leaping out from a big box tied with yellow ribbon.

Dancing and all kinds of Halloween games and an appetizing Halloween luncheon were included in the evening's program.

The guests, Misses Maxine Kibler, Alice Parrett, Helen Durant, Mary Hagler, Gail Bowen, Ayonelle Timmons, David Craig, Tom Rogers, Charles Fabb, Jesse Hagler and Grove Davis.

Mrs. Ray Maddox and daughter Carrie Elizabeth are spending the remainder of the week in Sabina with Mrs. Maddox's aunt, Mrs. Alf Johnson.

Mr. Lon McCoy is in New York on business.

Mrs. Mary E. Phillips of Stoutsville was here Thursday to attend the funeral of Mr. Samuel Nelson.

Mrs. Eldon Ervin and Mrs. Nell Hyer were visitors at Camp Sherman on Wednesday.

Mrs. Frank M. Kennedy and Mrs. Joseph Hidy went to Dayton Thursday morning to attend the Daughters of the American Revolution convention. Mrs. Kennedy goes as delegate from the local chapter.

Mrs. Wilkerson Freeman and daughter, who have been visiting Mrs. Jesse Persinger, left Thursday for their home in Huntington, W. Va.

Mr. W. D. Blakemore left Wednesday for Bedford, Iowa, to attend the burial services of his son, Milo Blakemore, who was drowned in Alaska last August. Word has been received that the body, shipped back from Alaska, to the old home, will arrive Sunday.

Miss Elizabeth Snyder returned from Grant Hospital, Columbus, Wednesday evening. She has made excellent recovery from her recent operation for appendicitis and stood the trip nicely. Mr. S. F. Snyder went up to accompany her home.

Mr. and Mrs. John A. Parrett, of Jeffersonville, are the guests of their daughter, Mrs. A. W. Duff, Mr. Parrett coming down to attend the funeral of Mr. Samuel Nelson.

Mrs. Emilie Geiger of Dayton is the guest of her sister, Miss Clara Thurston.

COUNTRY HOME OF CLARK POST DESTROYED TODAY

Fire, originating from a defective flue, entirely destroyed the handsome country home of Mr. and Mrs. Clark Post, on the Creek road, three miles south of this city, Thursday morning about 10:30, and the loss was greatly increased by the destruction of many household goods which could not be reached in time to save them from the greedy flames.

The fire was well under way when discovered, and the house doomed. Telephones were quickly placed in use and within a very short time quite a number of neighbors had assembled and did all in their power to save what household effects could be reached, and prevent the flames from spreading.

While the loss to Mr. and Mrs. Post will be very heavy, and some things that cannot be replaced were destroyed, partial insurance will bring the loss down very considerably.

Only a couple of days ago Mr. Post was painfully injured in an automobile mishap.

Mr. Post will probably rebuild on the same site in the near future.

CONSERVATION OF FOOD COMPULSORY

By Associated Press Dispatch.

Columbus, O., November 1.—Beginning today food conservation is made compulsory on manufacturers, wholesalers, jobbers, and many retailers of the country's basic food products.

Coming at the height of the Food Pledge Week campaign this is considered by the Food Administration, a conclusive answer to the few "conscientious objectors" among housewives who have said:

"Why should I sign the Food Pledge to conserve food in my home when speculators are boosting prices and Anti-Americans have been hoarding food in enormous quantities?"

The Food Administration says there will be no more of that. On and after November 1, all the great manufacturers and wholesalers and many retailers are forbidden to do business except under government license. This includes those who are engaged in the import, manufacture, storage and distribution of the fundamental food stuffs. It embraces meat packers, cold storage warehouses, canners, elevators, grain dealers and retailers doing a business of more than \$100,000 a year.

The government will watch these dealers and consider them as patriotically living up to their provisions of the license until, by their own acts, they prove the confidence misplaced.

Conspiracy on the part of dealers to defeat the purpose of the Food Law is punishable by \$10,000 fine or two years imprisonment or both.

Keeping the Line Open

Several of our thoughtful and patriotically inclined citizens have very properly taken it upon themselves to call a meeting at the Y. M. C. A. Friday evening for the purpose of perfecting an organization which will have as its purpose, "keeping in touch" with our home boys in the army of the nation and, so far as it is possible to do so, supply all those little personal wants which mean so much and cost so little save effort.

Of course this great big nation will look after all the essentials. This generous people are providing abundant means to pay the cost of feeding and clothing the boys.

But it's a big family, that army of a million boys, that the government must look after. The attentions while thorough and ample, as to necessities, must include all alike and that personal touch which means so much is lacking.

What this organization purposes doing is to keep up the home ties, to communicate with the boys and send them little "extras."

It is a splendid purpose and deserves the active co-operation of all of us. It means little more than a thoughtful act on our part but it will be a tower of strength to the boys away from home.

That line that leads back home is the life line. This organization purposes to keep the line tight and strong that leads out to camp and to frequently send word to the boys that will encourage them.

The Crucial Battleground

Sometimes even the most hopeful and most confident among us can't help feeling a little discouraged when the German armies make such powerful advances as those directed against Russia and Italy during the last two weeks.

It seems, sometimes, that our forces in France and Belgium make such slow progress, when we compare it with those terrific forward lunges of the German forces, and that's true too when we consider only quantity of territory, number of prisoners and guns captured.

Every foot of ground in Flanders and Belgium is precious—that's the crucial battleground. There the German forces realizing that it is vital territory have made their first and their greatest drives, there the Teutonic allies concentrated for the first onslaught against humanity and it was there that humanity met and turned back the barbarous armies from the gates of Paris and it is there that the most powerful defenses, which German thoroughness could construct, have been erected. There the armies of the Kaiser have prepared to make their last stand and it is there, ever since the Marne, that the allies have held them in check and pushed them back by inches.

Pitifully slow it is true, but nevertheless certainly, are the French, the British and now the Americans pushing on relentlessly, masters of the air, masters in artillery and masters at infantry fighting.

The German leaders are able to make these awful advances which it seems impossible to check, save on the crucial battleground, because of their brutal disregard of the lives of their soldiers but without being too optimistic we can, when these moments of discouragement come, remember that never, in the history of the world has savagery gained mastery over humanity.

Suffrage for Women

Another issue of importance, which must be settled by the voters next Tuesday, is that one which involves the right of women to enjoy the privileges of the franchise.

The present issue is not as to whether or not, the unrestricted elective franchise should be bestowed upon the women of Ohio but whether they should be permitted to enjoy the limited franchise which the legislature of Ohio granted to them when that body enacted the Reynolds law.

Instead of allowing that law to remain in force unchallenged, certain individuals and interests deeply concerned circulated, and had signed, referendum petitions and an election has been called for next Tuesday for the purpose of permitting the voters to register their approval or disapproval of the limited suffrage law.

In spite of the work of a few ill advised fanatical advocates of women's suffrage, the cause has grown in public favor by force of its merit.

There is no good reason why intelligent law, abiding women should be denied a voice in the councils of the nation. No disinterested man now will dispute the justice of that claim to an "inalienable" right.

Suffrage for our splendid women is coming and coming rapidly.

We favor suffrage for the women first because its right and second because present conditions demand that the voice and the councils of those who make our homes should be heard and heeded.

Poetry For Today

AMERICA.

I am the refuge of all the oppressed,
 I am the boast of the free,
 I am the harbor where ships may rest
 Safely 'twixt sea and sea.
 I hold up a torch to a darkened world,
 I lighten the path with its ray.
 Let my hand keep steady
 And let me be ready
 For whatever comes my way—
 Let me be ready.

Oh! better than fortresses, better
 Than guns,
 Better than lance or spear,
 Are the loyal hearts of my daughters
 And sons,
 Faithful and without fear
 But my daughters and sons must understand
 That Attila did not die,
 And they must be ready,
 Their hands must be steady,
 If the hosts of hell come nigh—
 They must be ready.

If Jesus were back on the earth with
 men,
 He would not preach to-day
 Until he had made him a scourge,
 and again
 He would drive the defilers away,
 He would throw down the tables of
 lust and greed
 And scatter the changers' gold.
 He would be ready,
 His hand would be steady,
 As it was in that temple of old—
 He would be ready.

I am the cradle of God's new world,
 From me shall the new race rise,
 And my glorious banner must float
 unfurled,
 Unsmiled against the skies.

My sons and daughters must be my
 strength,
 With courage to do and to dare,
 With hearts that are ready,
 With hands that are steady,
 And their slogan must be, prepare!
 They must be ready.

With a prayer on their lip they must
 shoulder arms,
 For after all has been said
 We must muster guns,
 If we master Huns—
 And Attila is not dead—
 We must be ready.

BIG PIER FIRE BEING PROBED

(By American Press)

Baltimore, Nov. 1.—With the bodies of three men recovered, the death list in the \$5,000,000 fire which swept Baltimore's water front, destroying munitions and food bound for General Pershing's forces in France, was not expected to exceed 15.

Backing up their charges that pro-German agents started the blaze, police and secret service agents arrested John W. Hittelman, alleged to have been seen running away from the Baltimore and Ohio piers, where the blaze started. Other arrests are expected.

The identified dead, all British subjects, are Chief Gunner Brownley of the British steamship Kerry Range and two sailors. The Kerry Range, a steamer of 5,886 tons, sank after the flames spread to it.

Guards and firemen stationed at the pier saw what appeared to be rockets going up from half a dozen places just before the blaze was discovered.

A Russian-Pole, a saloonkeeper of the section where the fire occurred, is under arrest. It is alleged two stevedores heard him say: "We are going to get the elevators next."

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

BRITONS SERVING WITHOUT SALARY

(Associated Press Correspondence)

London, October 29.—More than 250 of the men filling the higher posts in the British Ministry of Munitions are serving without pay. A report just issued by the Ministry shows that the salaries paid to "men in somewhat equivalent positions" range from \$2,000 to \$15,000 a year, indicating that the saving to the government is very large.

The War Board of Ohio Today Says:

This is Food Pledge Week. Throughout the United States, this week, a campaign is to be waged to enroll every family in the food conservation movement.

A million and a quarter housewives in the United States have already signed the Food Administration's pledge to help win the war by SAVING FOOD.

This week American housewives are expected to make it unanimous. Ohio should enroll 900,000 housewives this week.

Remember what Herbert Hoover, America's Food Administrator says:

"All the blood, all the heroism, all the money and all the munitions in the world will not win this war unless our Allies and the people behind them are fed."

"They will not be fed, your sacrifice of blood and money will be in vain, we shall go hungry and a great cause will be lost unless you stand guard each day in your home over your supply of wheat, meat, fats, sugar and milk."

Sign the pledge card. Display the window card which will be given you and follow suggestions on your home card, which tell you how food may be saved for our soldiers and the soldiers of our Allies.

COSSACKS ON JURY

(By American Press)

Petrograd, Nov. 1.—The request of the Siberian Cossacks that they be given representation on the jury which will try General Korniloff, leader of the recent abortive revolt, has been granted by the government. The request was based on the ground that the general's father was a Siberian. A Siberian regiment has been designated to guard General Korniloff pending his trial.

MEETING CALLED TO ORGANIZE FOR AIDING HOME BOYS

Inspired by the patriotic desire to "keep the home fires burning" and to back Fayette county soldiers in France, a number of citizens have called a public mass meeting of the men of the city and county who have the welfare of Fayette county soldiers in France at heart, to assemble at the Y. M. C. A., Friday night of this week at 7:30 o'clock, for the purpose of effecting an organization to keep in touch with Fayette county boys in France—some of whom are even now on French soil, while others are on the way.

For sometime the need of such an organization has been felt, and the object of the organization will be to do all possible for the home boys abroad; to lessen their privations and hardships, and to let them know that their service is appreciated by the people for whom they may soon be fighting "back home."

All patriotic men including relatives of the members of Company M and other Fayette county soldiers who are first in France, are urged to attend the meeting which will be held in the business men's club room at the Y. M. C. A.

GERMANS EQUALLY RESPONSIBLE FOR WHOLESALE DEATH

(Associated Press Correspondence)

Athens, Greece, October 15.—Greek authorities have received information which convinces them that not alone the Turk but his German advisors were responsible for the deportations of Greeks from Turkish dominions, as a consequence of which 700,000 have suffered persecution or death.

It is asserted that the Greek legation at Constantinople protested to the then King Constantine of Greece from the beginning of the deportations but received no assistance or encouragement from him. The legation then lodged a protest with Talaat Bey, the Turkish Grand Vizier.

His reply, as shown by official papers was that "these measures are taken by advice of our German advisors." The Greek legation then took up the subject with the German General, Liman von Sanders, who is declared to have replied that the presence of the Greek communities within the Ottoman Empire was dangerous to military operations and that he was "only executing the orders of the German General Staff."

An account of the persecutions of the Greeks which has been given to The Associated Press says:

"The method of depopulation adopted has been very similar to the method adopted with regard to the Armenian races. During the night, armed irregular troops of the Turkish army would form a cordon around the doomed district. The inhabitants would be awakened by means of bells and ordered to evacuate the village in ten minutes, for military reasons. No extension of time was allowed, one object being that the victims should not be able to take anything with them, either food or goods. In the event of delay, the troops drove forth the terrified people at the point of the bayonet.

"The moment that the people had gone, hordes of bandits and irregular soldiery poured into the empty village and looted and burned the houses in a frenzy of destruction, while the inhabitants, old men, women and children as well as the able bodied, were on the march.

"Soon after the march began, the process of extermination began to be put into effect. Men were separated from their women and children, and parties were made up for a trek to various places, usually locations in far-distant parts of Asia Minor. Needless to say, few of these parties ever reached their destination, being gradually killed off by exposure or starvation. Thousands died in barren desert lands. Without food or drink, and poorly clad, a speedy death at the hands of the soldiers would have been welcomed by many. The soldiers, seldom attempted direct killings at this stage, except of refugees who at-

tempted escape, the soldiery generally being content to let hunger and thirst and exposure do the work of extermination for them.

"The lot of the women and children was the usual one, which has been described many times in accounts of the Armenian deportations. Being defenseless, they fell a prey to the first passer-by. Any Turk along the way who fancied a child or a young woman, merely took possession, and thousands of young Greeks are now interned in Mussulman villages, forcibly "converted" to Islam and forced to live as servants or concubines of the Turkish peasantry."

Petrograd, Nov. 1.—Enemy attempts to fraternize with Russian soldiers on the northern front were met with Russian artillery fire, the official statement announced.

NOTICE OF APPOINTMENT

Estate of Alpha Stookey, deceased.

Notice is hereby given that Clyde

Cook has been duly appointed and

qualified as Administrator of the

estate of Alpha Stookey late of Fayette County, Ohio, deceased.

FRANK M. ALLEN,
Judge of the Probate Court,
No. 2035,
Fayette County, Ohio
November 1st 1917.

Miss Mary Weaver came down
from Delaware to attend the funeral
of Mr. Samuel Nelson and to spend
the week-end at home.

PLEASED WITH PROSPECTS FOOD PLEDGE WEEK

Washington, D. C., November 1.—

The United States Food Adminis-

tration issues the following statement:

The Food Administration is much

encouraged by the present outlook for

Food Pledge Week and is now con-

fident of its complete success.

Although full returns have not yet

been received from the outlying dis-

tricts, it is evident that Louisiana,

Idaho and North Dakota, the three

states that carried on their campaign

ahead of schedule, will all exceed their

quotas of signed pledges. Louisiana,

with an apportionment of two hun-

dered thousand, will be able to send to

Washington over three hundred thou-

sand signed cards, the number ac-

crued the first day being more than the

total vote ever cast in that state. The

campaign managers in the other two

states, Idaho with a hundred thou-

sand and North Dakota with a hun-

dered and eight thousand goal, have as-

sured us that these figures will be

passed, judging from the returns al-

ready received.

Several other states have boosted

their original quotas, some promising

to complete a 95 per cent enrollment,

while many county managers claim

that they will enroll every family."

SENSATIONAL STAR DRAWS BIG HOUSES

The Palace theater again drew

capacity houses Wednesday night when

Theda Bara appeared in a screen

adaptation of "Camille," that was one

of the most sensational and most elab-

orately put on photo plays which

Wm. Fox has yet filmed.

Theda Bara, as Camille Gauthier,

dominated the interest as always

and her beauty, dramatic qualities

are shown at their best. Her wonder-

fully expressive face runs the gamut

of the emotions of love and pas-

sion, self sacrifice and despair in this

enthralling masterpiece of Alexander

Dumas.

The play is magnificently put on in

seven acts and the photography is

perfect.

YOUNGSTERS FACE SERIOUS TROUBLE

A party of over-enthusiastic young-

sters may face a charge of automobile

stealing as result of an incident oc-

curing Wednesday night when a half

dozen youngsters deliberately drove

off with Alva Knelsley's Ford road-

ster, and in turning into the Waterloo

pike off of the Bogus road, after a

round of mischief, overturned the car

and badly wrecked it.

The affair was reported to the po-

lice, and the wrecked car brought in

to this city. There was every evi-

dence that part of the mischief makers

were badly injured when the machine

rolled over, blood being scattered

about the scene.

The police are still investigating the

matter and expect to have the entire

bunch rounded up in short order.

FRENCH CONFIDENT ITALY WILL RALLY

Paris, Nov. 1.—The firm conviction

that the Italians, with the aid of British

and French troops sent to reinforce

them, will stop the invasion of Italian

territory, was expressed by Jules Cambon, general secretary of the ministry of foreign affairs.

The Italians, said M. Cambon, are

stout-hearted people who, he was sure,

would pull themselves together and

repair what he alluded as the "accident"

which had happened to a part of their army.

The Italian forces as a whole, he believed, would be

inspired by the firm attitude and confi-

dence of King Victor Emmanuel, a

cool-headed and courageous man.

M. Cambon said he did not expect

any change in the attitude of Soavi

toward the war. He considered the

cabinet crisis not as dangerous as was

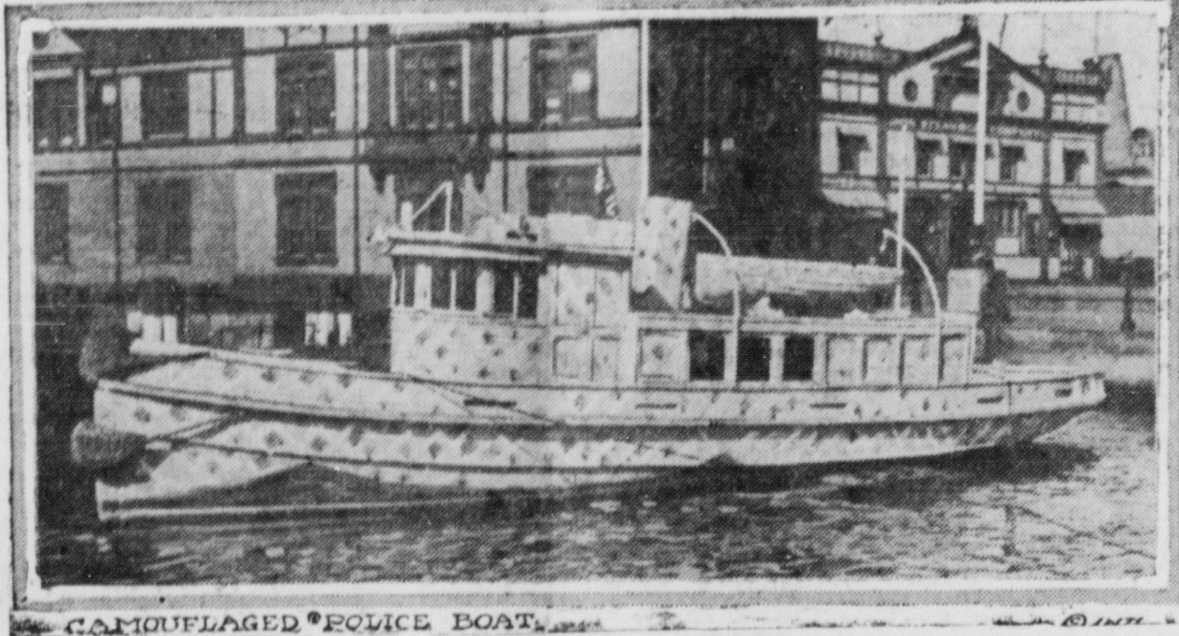

described by the press.

Mrs. Walter Miller (nee Myrtle

Starr) is confined to the Fayette Hos-

pital.

THE LATEST IN CAMOUFLAGED

CAMOUFLAGED POLICE BOAT.

All New York City patrol boats are now being painted into a blue and green moth, which, when any distance away causes the boat to appear to merge into the dark waters of the bay and river. It is said that at night it is almost impossible to distinguish the outline of the craft which guards the waters and keeps its eye on docks and shipping.

Y. M. C. A. WAR WORK DISCUSSED BY MEN WHO KNOW

Thirty-five Business Men Hear
Speakers from Springfield and
Camp Sherman Tell of The Y.
M. C. A. in Army Camps—Na-
tion-Wide Campaign is Near.

The Thursday noon luncheon at
the Y. M. C. A. was attended by some
35 men, who listened attentively to
speeches made by Lieutenant Beach-

ing, of the Y. M. C. A. at Camp Sher-
man; General Secretary of the
Springfield Y. M. C. A., John L.
Dorst, and C. L. Bower, State Chair-
man of the National War Council of
the Y. M. C. A.

The meeting was presided over by
W. M. Campbell, president of the lo-
cal Y. M. C. A. who introduced the
various speakers and impressed up-
on those present the necessity of
Fayette county doing her part in the
war work of the Y. M. C. A.

Lieutenant Beaching gave first
hand information concerning the
great work of the Y. M. C. A. in the
war camps, and cited the attendance
at Y. M. C. A. buildings in Camp
Sherman as conclusive evidence of
the good being accomplished. In
three days time in Camp Sherman
\$3,000 men visited the Y. M. C. A.
buildings.

Each speaker gave facts and fig-
ures showing the magnitude of the
Y. M. C. A. work, and the absolute
necessity of each county in the
United States doing its part in the
campaign for war funds which the
Y. M. C. A. will conduct in a nation-
wide drive during the week of Novem-
ber 11th.

Fayette county's portion or allot-
ment for the week is \$10,000 and final
steps toward organization are be-
ing taken in this city and county.

Reade, 69, one of the oldest physicians
here, died of paralysis. He was born
in Ireland and has only one relative
in this country, a niece, Miss Helen
Courtney of Springfield. He was for
a time house physician of the Good
Samaritan hospital in Cincinnati.

Former Oil Inspector Dead.

Lima, O., Nov. 1.—In perfect health
when he retired, David E. Baxter, Jr.,
former state oil inspector and head of
the Democratic organization in this
city, was found dead in bed at his
home. He was a member of one of the
most prominent families in north-
western Ohio and widely known in
state politics.

Chairman Ross Sued.

Columbus, Nov. 1.—Municipal Judge
John F. Seidel filed suit against James
Ross, Democratic chairman, for \$50,
000. Seidel charges libel. The case
is based upon an advertisement ap-
pearing recently in a Columbus news-
paper in which Seidel says he was
made to appear as the recipient of a
bribe for recommending for parole
two persons whom he had sentenced
to the workhouse.

To Succeed Hughes.

Columbus, Nov. 1.—Byron M. Glen-
dening, chairman of the state liquor
license commission, is said to be sta-
tioned for appointment to the public
utilities commission, to succeed the late
Oliver H. Hughes. Clendenning was
reappointed to a six-year \$5,000 posi-
tion in August. If he accepts the util-
ities commission he will be for an
unexpected term that ends Feb. 1,
1919. The place pays only \$4,500.

GUARD THOUGHT SLAP-STICK MAN WAS APPROACHING

Little Touches of Life Among Selects at Camp Sherman. Songs Popular.

By Associated Press Dispatch.

Camp Sherman, Chillicothe, O., Nov. 1.—It took but a very few days for the selective draft soldiers at Camp Sherman to learn guard duty. Now they know just what to say and how to say it when they see a dark form coming toward the guard lines. A newly arrived chaplain was out visiting the other evening and taps sounded before he could get back to his quarters. As he neared his section, a guard heard him. "Halt, who goes there?" barked the guard. "The chaplain," was the reply. The guard hesitated but an instant: "Advance Charley and be recognized."

GERMANS REVOLT

(By American Press)
Amsterdam, Nov. 1.—A serious mutiny is reported to have occurred among German soldiers at the Beverloo camp in Belgium. The men, it is said, refused to go to the front and damaged their own rifles in some cases, while others fired on their officers, several of whom were wounded. The mutineers were finally mastered and removed on cattle trucks.

OBITUARY

Weep not for he is not dead, but sleepeth thus spake the Master to the sorrowing ones at the bedside of one whom they loved so dearly, one who had passed into the Great Beyond and thus doth he speak to you today as you mourn the passing away of this loved one.

James F. Vanzandt was born in West Virginia, May 22th, 1865, and departed this life Sept. 7th, 1917 at the City Hospital in Springfield, Ohio aged 52 years, 3 months and 15 days.

When but a young man he came to this city where he spent the rest of his life, being about 37 years. When but a child his mother was called home to heaven, leaving James to be cared for by other loving hands. All during his life in Springfield he worked for Edward Ryan, and was a good and faithful man, always ready to lend a helping hand to all who knew him, then a few more years passed his father to heaven and home was called to go, leaving James without father, mother or home. He had been ailing for several years and he bore his suffering patiently until he went to the hospital, August 22, 1917 where he was operated on and lingered along till Sept. 7th, 1917. His wife being at his bedside when the end came, when he heard the summons of the Master as he said, "Come unto me and I will give ye rest," he heeded the call and left this life of toil and suffering to stay with Jesus where neither sorrow nor suffering can touch the soul.

He was united in marriage to Miss Ethel Brown on Jan. 24th, 1917 the ceremony was performed by the Rev. Mr. Cooper, of Springfield. His married life being a short but happy one only 8 short months, when to Heaven and home he was called to go although we did every thing in our power to save him but all in vain. God knows best, he has gone to meet his father and mother in the Great Beyond where there is no parting. Besides his wife he leaves a number of friends to mourn his loss. Good-bye the saddest word on earth. We've said to Jimmie dear. Then blame us not for weeping. But shed a bitter tear. With us our hearts are breaking. With grief we can not stand. Although we know since Jimmie's gone. He's in a better land.

WOULD DECLARE WAR ON AUSTRIA

(By American Press)

New York, Nov. 1.—President Wilson was urged to call a special session of congress at an early date to declare war on Austria in a resolution adopted by the board of trustees of the American Defense society at a special meeting here. A copy of the resolution was telegraphed to President Wilson.

Prior to its adoption the trustees of the society adopted a minute which declares that an inconclusive peace would be an insult to those who have fallen in the war and "a betrayal to the living." The sending of an "overwhelming force" to France, because, it says, "the more men we send the fewer will be slain," is counseled in the minute which declares that considering the great numbers of men poured into the war in the last three years by England and France, the sending of as many as 100,000,000 would be no more than this country's proportionate share.

The minute urges that congress, at its next session, be asked to declare that a state of war exists also between the United States and Bulgaria and Turkey.

The resolution further urges the transportation to Italy of a contingent of American troops and war material using all ships possible, including the seized Austrian ships for the purpose. It sets forth that "the complete defeat of Italy's armies will endanger her national existence and imperil the issue of the war for democracy," and that "to preserve Italy's existence and maintain her efficiency as a fighting force immediate moral, military and economic aid from her allies is imperative."

The resolution declared that German agents throughout Italy have steadily emphasized the fact that the

United States has never seen fit to declare war against "Austria-Hungary, Italy's greatest and neighboring enemy," and that "it is patent to the entire world that German and Austrian troops are working as a unit for the same end, which America has declared she will not endure."

PLOT IS SUSPECTED SERUM KILLS TROOPS

(By American Press)

Memphis, Nov. 1.—A plot to kill American soldiers and sailors by poisoning vaccine serum with tetanus germs is believed to have been uncovered here following five deaths from tetanus, traceable to vaccinations. This theory gained strength with the receipts of a message from Washington ordering a ban on the sale of "vaccination points" used to effect vaccination. Three days ago the city health department, druggists and wholesalers received instructions from the public health bureau, Washington, to return all vaccine points to Washington, and to administer tetanus anti-toxin to all those vaccinated within the last 90 days. First analysis here showed germs on the vaccination points.

COAL ORDERED NOW TO THE EAST

By American Press

Washington, Nov. 1.—Immediate relief from the coal shortage in the east is promised by the fuel administration, which will issue an order today modifying the arrangement under which shipments to the northwest have been given preference over all other movements.

Priority orders will be suspended in a number of mining districts, particularly in Pennsylvania, to release both bituminous and anthracite coal for munition plants and domestic consumers in the larger cities and along the Atlantic seaboard. This, it is said, will assure an ample supply of fuel to the big steel producing and shipbuilding plants and will permit householders in New York and Boston to obtain all the anthracite they need.

At present most of the coal mined in Pennsylvania, West Virginia, Kentucky, Ohio and Indiana is going to lake ports for transshipment to the northwest and to Canada. This movement has been so great that the northwest is in a position to have the supply cut down.

A plan to apply penalty provisions to nonunion mining districts to prevent strikes and lockouts was announced by the fuel administrator after conferences with leading producers. President Wilson's order of Monday raising coal prices 45 cents a ton throughout the country carried a provision denying the increase to districts failing to adopt the penalty system. Producers in nonunion districts pointed out that they had no authority to enforce penalties against unauthorized miners.

The fuel administration overcame the difficulty by directing that operators in nonunion districts collect fines if strikes are called and turn the money over to the government for use by the Red Cross. If miners are locked out without cause the fuel administration will fine the operators, donating the money to the Red Cross.

Operators and miners of the southwest who have failed to reach an acceptable agreement as to a penalty clause in the new wage contract were called to Washington by the fuel administration for a conference. Unless a penalty clause satisfactory to Dr. Garfield is adopted coal price increases will be withheld in the southwest.

Investigation of thousands of complaints of violations by operators and dealers of coal price regulations has been started by the fuel administration's legal staff. Information gathered will be turned over to the department of justice for prosecution of the offenders. Examples, it was hinted, may be made of a number of the larger of feuding producers and distributors.

PAPER STRINGS ARE NOW MUCH USED

(Associated Press Correspondence)

London, October 8.—"Paper string is being used for commercial purposes everywhere now," says a report of the Board of Trade. "Even these paper can be used in its manufacture. With regard to textiles, paper is being used for making sacks for commercial use in place of burlap, and these have been found to equal the former sacks in every way."

Paper shoes are being manufactured on a small scale in England, the paper being used for the uppers. The material is plaited paper closely woven, somewhat similar to that used in the manufacture of paper hats. Paper fibre is also used in making a cheap grade of imitation felt hats for men.

Discussing the measures taken during the past year by Germany to deal with the growing shortage of clothing, the Board of Trade Gazette says: "Much of the clothing now worn throughout Germany, including military uniforms, is made from materials diluted in various degrees with substitutes such as paper and cellulose the warmth and wearing qualities of which are doubtful as compared with materials spun, woven or knitted wholly from wool and cotton."

DEATH WAITS AT CROSSING

(By American Press)

Columbus, Nov. 1.—Ten minutes after Mrs. George Walters, 22, had been killed; her daughter-in-law, Mrs. Oma Boyd, 19, fatally injured and her son, Robert Boyd, 16, hurt when a westbound Baltimore and Ohio train struck the buggy in which they were riding at a crossing, near this city. K. E. Boyd, 49, farmer, was killed by a passenger train at the same crossing.

The Boyd home is four miles north-east of the city, in the James pike, 100 feet from the scene of the tragedy. Mr. Boyd was rescuing the victims of the first crash from the wreckage when he himself was killed.

Young Boyd was driving the vehicle when it was struck. He was taking Mrs. Walters and Mrs. Boyd from a traction car to his home. Mrs. Boyd was taken to Grant hospital where it was said that she could not live.

TOWN CLOCK DARK UNTIL SIX O'CLOCK

Regardless of the fact that "it gets late early now-a-days" and darkness falls around five o'clock, the town clock is not lighted until six o'clock and the intervening hour of darkness causes the faithful "Old Ben" to be sadly missed.

It is explained that within a short time the "schedule" will permit the lighting of the clock at five o'clock and citizens are hoping this belated schedule will be speedily adjusted so that the oft-consulted clock will do its duty 24 hours out of every 24.

DECREASE IS SHOWN IN U-BOAT TOLLS

(By American Press)

London, Nov. 1.—Fourteen British merchantmen over 1,600 tons were sunk by mines or submarines in the last week, according to the admiralty report. Four vessels under 1,600 tons were also sunk, but no fishing craft. The British losses of merchantmen for the current week show a considerable decrease as compared with the previous week, when 17 vessels over 1,600 tons and eight under that tonnage were sunk.

The losses of Italian shipping on all seas by submarines for the week ending Sunday last were two steamers over 1,500 tons and one steamer under that tonnage. One small sailing vessel also was sunk. One steamer was attacked but escaped.

NOW EXCAVATING ON MAIN STREET

The steam shovel, which Wednesday evening completed the grading work on Market street, was moved to North Main street and the grading work was taken up at that point Thursday morning, and will be completed this week.

Only one square, from Temple to Paint streets, is to be improved by paving with asphalt.

Preparations for the concrete work on Market street are moving forward.
